Clean-Up Day: At the Range May 18, Saturday. Start at 9am. There will be fence repair and possibly painting, shrub and weed removal. Motion Ed/Mike. Approved.

Weed Abatement: Jeff advised that the previous sprayer Jason Jaeger and Chris Wilson's phone numbers do not work anymore. Possibly not doing it anymore. Jeff will find out from Oregon Extension Office.

Taxes: Jeff dropped off the tax info and the report is being worked on.

Sponsor Banner: Brad advised Jeff that NXTClean Fuels is interested in becoming a "Gold Level" sponsor. This entitles them to a banner to be placed at the Range. (Size to be researched from the previous minutes since the info was not readily available). There was a motion (John/Ed) to add a one-year membership, for one person only, to the Sponsorship. Vote unanimous. Dr Cheryl Bongiovanni also is a Gold Sponsor for donating last year's rifle. Laura will email Michelle the sizes of the banners for all the levels when she gets back from CA and can go thru the past minutes.

Gun Show: The Club did not purchase a table but Jeff and Ed will have applications available at their personal tables.

Shotguns at the Range: Ed led a discussion about whether to continue to allow shotguns at the Range. Targets stands are still being destroyed, shot shells and clays are a constant source of litter. More signage to be put out (Laura will make) and emails, website notices need to be done. Camera, ring, trail cam to deter? If problem continues then shotguns may cease to be allowed at the Range.

New target: Ed purchased 2 'dueling trees' They were \$64.00 ea. These can be used at some of our matches. Motion for the Club to purchase these from Ed (Laura/John). Voter approval.

CMP: Richard is the contact person for our CMP affiliation. Richard gave a short description of what CMP does. Can purchase ammo, 1911's, parts, etc. Check out their website at thecmp.org.
